

China Agricultural University

Master Program of International Development Policies and Governance

China Agricultural University (CAU) is the origin of China's modern agricultural higher education and one of the best agricultural universities in China and the world. As the platform for scientific research and talent cultivation on international development and global agricultural related disciplines, the College of International Development and Global Agriculture at CAU will offer a master program to train international talents in public management. The program combines Chinese development experience and international perspectives to train high-level talents in relation to development discourses, policies and governance. Students will benefit from world-class teaching system with insights of renowned Chinese and international scholars in humanities and social sciences.

Basic Information

Degree: Master of Management
